Member at Google Developer Student Clubs – FPT HCMC

## SUMMARY

---

- **Short-term:** Aim to become a senior Java backend developer within a year, focusing on advancing Java programming skills, especially with Spring Boot, and applying them effectively in practical projects.
- **Long-term:** Aspire to evolve into a proficient full-stack developer. Additionally, I aim to pursue further education by obtaining a master's degree, enriching my expertise, and opening up new opportunities for professional growth and specialization.

## EDUCATION

---

### FPT University HCMC Campus

*Bachelor of Software Engineering*

**Expected September, 2025**

- **GPA:** 3.1/ 4.0
- **Semester:** 5/9
- Honorable student of semester Fall 2023  
**Link to the Certifications:** <https://github.com/uncreasing-rise/Certifications>

## SCHOOL PROJECTS

---

### Learn Hub | SWP Course – Project work | Semester 5/9

**Time:** 3 months (3 January, 2024 – 29 March, 2024)

- **Briefs:** Learn Hub is a dynamic online learning platform committed to providing an accessible and enriching educational experience. With a diverse catalog of courses led by experienced instructors, Learn Hub empower learners to acquire new skills, deepen knowledge, and achieve their learning goals.
- **Techs:** Java Spring Boot, MS SQL Server, Angular, Trello, Visual Studio Code, REST API, Figma, VNPay integration, IntelliJ.
- **Role:** Leader/Full-stack Developer.  
**Link to the project:** <https://github.com/uncreasing-rise/LearnHub>.

### Seminar on IT BA Terms | Software Requirements Course | Semester 5/9

- **Briefs:** The Learn Hub online course platform's SRS (Software Requirements Specification) is described in this document. It addresses both functional and non-functional needs, such as content management, user administration, payment integration, and course management. It provides a succinct synopsis of the user features and system functionality.
